

I am appalled at Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election. This is a blatant attempt by Sinclair to influence the election. Wrong! Wrong! Wrong!

The law is clear that public airways are to be used for the public interest. It's long past time to return the public airways to solid reporting about issues that matter. Sinclair's "documentary" is propaganda, not reporting. This is a prime example of what can happen when media ownership becomes concentrated.

I strongly support taking Sinclair's license from them.
